

# THE STAR COLLECTION

We look to stars for illumination, direction and guidance. Thus the star symbolizes shedding light on our lives, offering us navigation when we need it, and providing consistency when our lives seem to be in disarray. The nautical star, which influenced my design, was a symbol for guiding one safely on a journey away from or back home. The Five pointed star reflects perfect balance, in the human body and the elements we exist in.

Gold 5 Star Necklace **SN11** \$310.00
